### **Douglas Hansen**

MSHI will be presenting a day-long seminar on Mechanical Systems and Codes with Douglas Hansen on March 24. This seminar will include up-to-date code information including Minnesota amendments, as well as practical issues that are not addressed by codes. Topics include

- Gas appliances
- Combustion air
- Gas appliance venting

- Hydronics
- Direct vent appliances
- Electric heating
- Ducts
- Ventilation and indoor air quality
- Clothes dryer exhaust
- Inspection techniques and standards

Douglas Hansen is the principle author of the Code Check series of field guides to building codes, with over one million copies sold. He is a highly sought instructor with multiple certifications, and a former home inspector. He is the recipient of the Philip Monahon award and the John Cox award from ASHI. For several years, he was on the faculty of the College of San Mateo, in the building inspection degree program. He serves on the board of the Building Standards Institute, publishers of the *California Building Performance Guidelines*, a standard for contractors and builders. He recently presented an 18-hour session on the 2012 IRC at Inspection World in Phoenix.

8 hours of continuing education credits have been applied for ASHI and applied for with NAHI.  
You can also use these hours for your city required continuing education.
